WHAT TO EXPECT FROM A RITES SUMMER PROGRAM

A Multifaceted Teaching and Learning Experience

We know there are many ways to approach education. At the same time, not everyone learns the same way. We incorporate visual, auditory and “hands-on” means to deliver information so that every student has an opportunity to access material the best way possible. The end result is a fully engaged class and teacher, working together and experiencing academic success.

Low Teacher/Student Ratio

Each class is kept deliberately small (*4-8 students per teacher, or 4-10 for our Comic Book classes*) to ensure individualized attention.

Experienced Director and Staff

Our summer school directors have extensive experience with all different types of learners as educators and administrators. Our directors select experienced, dynamic, qualified teachers who approach teaching in a multisensory, systematic, individualized way.

Self-Esteem

Even the most reluctant summer students quickly discover the power of meeting and befriending other students who share their struggles and strengths; under the guidance of caring, energetic, knowledgeable teachers, they realize learning can be fun and accessible. Ultimately, they begin to understand how intelligent and talented they really are.

Reference Notebook (for 2-,3- and 5-week classes)

Each student comes away with a “portfolio” of their summer work, including reminders of the strategies used.

Full Progress Report (for 2-,3- and 5-week classes)

Your RITES program report identifies specific strengths, tracks progress and suggests areas on which to concentrate, with helpful follow-through ideas, such as program recommendations and family activities to reinforce concepts.

Finished Book (for Authors & Illustrators and Comic Book classes)

Each student will bring home a book filled with his or her week’s efforts for home display and sharing with friends.

Tutor Referrals

Beyond summer, we provide access to our wide range of experienced local tutors for those who want to continue the work started for a comprehensive year-round plan.
