This one-to-one personalized structure is ideal for students who have one or all of the following:

- A busy schedule that doesn't accommodate the weeks, times and/or location of the small-group programs
- One or two specific areas of focus for skill-building or maintenance
- Desire to create own individualized program
- Specific preparation goals for an upcoming standardized test, such as PSAT, SAT, ACT or entrance exams
- Need credit/hours for a specific class failed during the school year
- Want support to complete summer assignments, preview content and/or prepare for upcoming school year
- The small-group programs offered are the right skills focus, but don't match your child's age/grade
- A preference of working alone with one teacher, and may be uncomfortable with a group setting
